is imperatively necessary to the health of persons residing in a Southern clin especially in Malarious Districts, where CHILLS and FEVER are prevalent, to take the Tonic Stimulant during the Spring and Summer menths, in order to fertify the stem against the insidious attacks of Malaria, to strengthen the system, to enable it to row of malarial influences, and to invigorate the whole body against the debilitating of energy influences of the climate. d enervating influences of the climate.

This is the design and effect of WARD'S BITTERS. Many years of this littless in vation and ration investigations have been spent by the originator of this lifters, in reflect to make a perfect constinution of Vegetable Remedies, which would purity the od, and at the same time prove an invigorating tonic. The result has fully equalled the effort to make a perfect combination of Vegetable Remedies, which would purity the blood, and at the same time prove an invigorating tonic. The result has fully equalled his highest expectation. The combination of SARSAPARILLA and BLACK ROOT, with the best tonics known in the vegetable kingdom, is a happy one, purifying the blood, stimulating the Liver, while invigorating the whole system.

Any combination of remedies, however, would be useless and even hurtful if made with an inferior Liquer or Spirits. The lower grades of Whiskey are especially baneful and poisonous to the system. The highest merit we claim for these Bitters is, that it is made of

PURE COPPER - DISTILLED WHISKEY, sufficient age, and ranking among the BEST BRANDS made in the United State When the blood is impoverished, and is deficient in Iron especially; where the system has been enterfield by long, protracted attacks of Chills and Fevers, the addition of one ar two drachms of Pyrophosphate Iron will enrich the blood and fortify the system, one ar two drachms of Pyrophosphate Iron will enrich the blood and fortify the system, thus preventing the recurrence of the periodical attack. For this purpose it is INVALU-ABLE, and any one suffering from the debilitating edect of chills and Fevers, will never regret having given it a trial.

NEURALGIA SPECIFIC, A Safe and Speedy Cure for Neuralgia and Rheumatism in all their various Forms.

The fact is, that it is slinbst impossible to procure the fresh and reliable articles from which it is prepared, and upon which its success depends. We attribute articles from which it is prepared, and upon which its success depends. We attribute the wonderful success of our Preparation alone to the care with which we select the material, and conduct the process of its composition.

We have bestowed great care and patient investigation in perfecting this remedy, which is shown of such a gratifying character that we confidently recommend our success with it has been of such a gratifying character that we confidently recommend it to the attention of the Profession, and to these who are unfortunately suffering from these most distressing and painful afflictions, in any of their various forms. We have satisfied that a single dose of it will convince them of its virtues, and that in a majority of cases its continued use will effect a permanent cure.
